Within-year spatio-temporal variation in meiofaunal abundance and community structure, Sinop Bay, the Southern Black Sea.

Oceanological and Hydrobiological Studies. Vol. 45, Issue 1, pages 55-65. (DOI: 10.1515/ohs-2016-0006):

1. Page 63, right column, line 18 from the top:

„The highest nematode abundance was recorded for the samples collected from Sevastopol Bay in July 2010 as $1197 \times 10^3 \text{ ind. m}^{-2}$...”

should be:

“The highest meiofaunal abundance was recorded for the samples collected from Sevastopol Bay in July 2009 as $1197 \times 10^3 \text{ ind. m}^{-2}$...”

2. The legends in Figure 2 are incorrect. For the reader's convenience, the corrected figure is given.
